

ANKUSH

BCA Student | Software Developer | Web & Application Development

Mangalore, Karnataka | ankushsuvanna3@gmail.com | 9740327211 | GitHub: Ankush9740 | [Portfolio](#)

SUMMARY

Bachelor of Computer Applications student with hands-on experience building and deploying full-stack web and Android applications. Experienced with JavaScript, TypeScript, React, Next.js, Supabase, Python, Java, SQL, and modern development tools. Built real-time multiplayer systems, AI-assisted applications, and responsive web experiences, with a strong interest in practical software development and problem solving.

TECHNICAL SKILLS

Languages:	JavaScript, TypeScript, Python, Java, C, C#, SQL
Frontend:	HTML, CSS, React, Next.js, Tailwind CSS
Backend & Database:	Supabase, PostgreSQL, MySQL, PHP, REST APIs
Android:	Kotlin, Jetpack Compose, Material 3
Tools & Platforms:	Git, GitHub, VS Code, Android Studio, Vercel, Ollama
Concepts:	DBMS, Data Structures, Computer Networks, Operating Systems, Realtime Applications, Responsive Web Design

PROJECTS

Quizloom - Real-Time Multiplayer Quiz Platform

Next.js | TypeScript | Supabase | PostgreSQL | Realtime | Vercel

- Built and deployed a Kahoot-style room-based multiplayer quiz platform with synchronized timers, server-authoritative answer validation, live statistics, scoreboards, and final podium rankings.
- Implemented speed-based tie-breaking using cumulative correct-answer response time while preserving fixed-point scoring; tested concurrent sessions with up to 20 simulated players.
- Added reusable quiz sets, host controls, player avatars, room lifecycle management, and responsive interfaces.

AutoLens - AI-Assisted Car Recognition Android App

Kotlin | Jetpack Compose | MVVM | Node.js | Ollama

- Developed an Android app that analyzes vehicle images and identifies attributes such as make, model, and colour.
- Built Photo Picker and camera workflows, a local image-processing backend, structured validation/error handling, and local vision-model inference through Ollama.

Interactive Developer Portfolio

Next.js | TypeScript | React | Motion | Vercel

- Designed and deployed a responsive editorial-style developer portfolio with interactive project, skills, achievements, certificate, and scroll-driven motion sections.

ACHIEVEMENTS

- 1st Place - Design Dock (Web Design)**, EXCEL 5.0 National Level IT Fest, Srinivas Institute of Technology, Mangaluru - February 2026.
- 1st Place - Coding & Web Designing (CodeVyuham)**, Agnesia 2K26 National Level Inter-Collegiate Competition, St Agnes College, Mangaluru - February 2026.
- 1st Place - Pixora Web Designing**, SDM Aaroham 2K26 National Level Educational and Cultural Fest, SDM College (Autonomous), Ujire - September 2026.

EDUCATION

Bachelor of Computer Applications (BCA)

2024-2027

SDM College of Business Management, Mangalore | Mangalore University

Pre-University - PCMC | 92.5%

ADDITIONAL

Languages: English, Kannada, Hindi | **Interests:** Software Development, Full-Stack Development, AI-Assisted Applications, UI/UX and Interactive Web Experiences
